March 27, 2026

The Honorable Tom Cole  
Chairman  
Committee on Appropriations  
H-305 The Capitol  
Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Bonney Lake Intersection Safety and Mobility Improvements - Bonney Lake, WA project in Fiscal Year 2027. The entity to receive funding for this project is the City of Bonney Lake, located at the City of Bonney Lake's Public Services Center at 21719 96th St E, Buckley, WA 98321.

The funding would be used for the construction of a roundabout at the Angeline Road and Veterans Memorial Drive intersection in Bonney Lake. This roundabout would improve mobility and traffic safety through the intersection while providing multimodal improvements for pedestrian safety. This project is an appropriate use of taxpayer funds because over the past five years, there have been 24 accidents at the intersection – 8 of which were classified as severe. Roundabouts have been shown to reduce both the rate and severity of traffic accidents. Additionally, Veterans Memorial Drive in Bonney Lake is classified as a T-3 freight corridor, carrying 3.7 million tons of freight each year. The corridor is expected to become a T-2 freight corridor soon as it is expected to carry 4 to 10 million tons of freight annually. A roundabout at this intersection would support freight mobility through the city, improve public safety, and increase pedestrian access and protection.

This project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Kim Schrier, M.D.  
Member of Congress
